## PROGRESS

Shafting its bronzen pinnacle into the blue, the mighty skyscraper of knowledge hurls its challenge to the world. That challenge is an impelling *Excelsior* urging man ever onward and upward, calling him from the failures of the past and the mistakes of the present to his great and ultimate destiny. It is a symbol of the power that is the earthling's, for he is lord of sky and earth. Yet, as an infant suddenly finding itself possessed with what was heretofore missing, he flexes and turns. But moving, he floods the earth with light of his own making, flashes messages through endless space, finds a *New* world through chemical recombination, builds machines to do his work; becomes indeed master of a universe.

But in man's wake, we behold the sorrowful results of ungoverned Power—politics ruled by demagogues who bend the unthinking masses to their selfish wills, art and education becoming the unwilling slaves of the poison dollar, nations rising in personal aggrandizement—wrecking, killing, destroying with such ruthlessness that God himself shudders.

And still man stands in the shadow, mocking, cynical and blasphemous—sure that the Power he possesses will bring the peace that he passed by on his destructive journey—forgetting that TRUE knowledge alone shall make him free. Forgetting that he has a heritage—THE FUTURE!

# PROGRESS

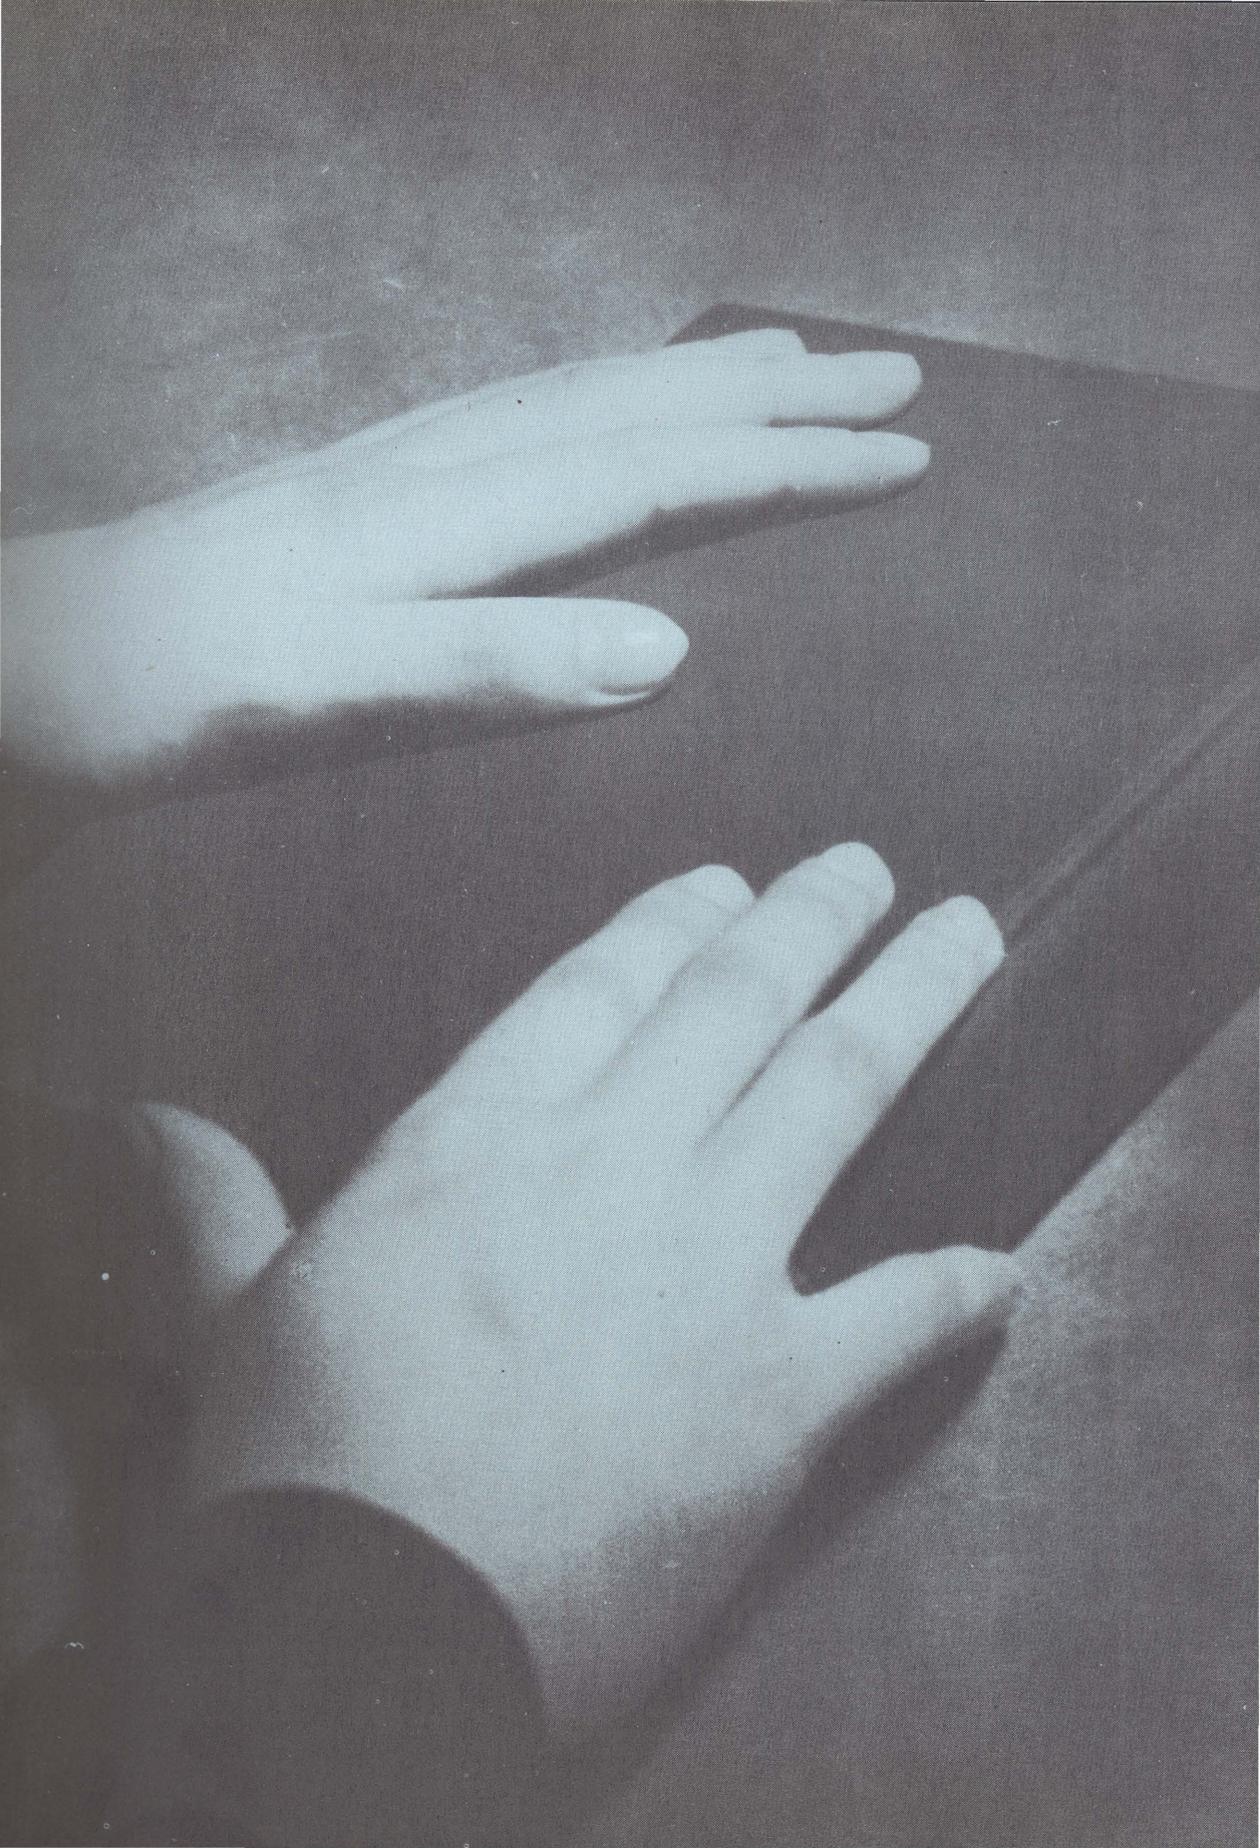

**MATERIAL**      **SPIRITUAL**

*"Build thee more stately mansions, O  
my soul,  
As the swift seasons roll!  
Leave thy low-vaulted past!  
Let each new temple, nobler than  
the last,  
Shut thee from heaven with a dome  
more vast,  
Till thou at length art free,  
Leaving thine outgrown shell by  
life's unresting sea!"*

OLIVER WENDELL HOLMES

*the Past*

### **E. E. BYRUM**

He chose the site of our Alma Mater. It was he who visioned a large building and landscaped grounds, where then existed only a tract of rolling woodland.

### J. T. WILSON

He was a pioneer in the field of education in the Church of God. It was he who became the first president of Anderson Bible School in the early days before it was a college.

"Released with reluctance from his responsibilities as Dean and Professor at Wilmington College, Ohio . . . . [comes] the new Dean of the Seminary. God bless him as he multiplies himself by the part he plays in the culture of the students." His influence did much to give Anderson Seminary a Liberal Arts College in 1929.

### PRESIDENT JOHN A. MORRISON

*Mercurial, charitable, and full of humorous philosophy.*

Dr. Morrison has been an integral part of Anderson College since its earliest days. Unswerving faith in youth, the diplomacy of a statesman, and the insight of a mystic have marked the career of the President. And as that career, so the institution. Through thick and thin, through fat years and lean years, the President has labored for the advancement of A.C.T.S., often at the price of personal sacrifice.

### DEAN GEORGE RUSSELL OLT

*Dignified, scholarly, gentlemanly.*

For years, Dean Olt has given himself unselfishly to the advancement of Anderson College. Those who call A.C.T.S. *Alma Mater* know that nothing lies nearer to the Dean's heart than the progress of the institution. Through his ability and influence in educational circles, in civic Anderson, and in the Church of God, Anderson College has attained an unprecedented scholastic standing.

### DEAN OF WOMEN VILA A. DEUBACH

*Youthful, charming, and versatile.*

Miss Deubach has been a distinct asset to the social life of A.C.T.S. Her deanship has been marked by feeling and sympathetic understanding for youth and its problems. She has adeptly and capably filled a position which may easily be considered the most difficult feminine position in Twentieth Century educational enterprise—that of Dean of Women.

Here you find a representation—by the students' choice—of the cream of Anderson College personalities. This year the Council has had one of its ablest presidents in C. K. Byrd.

Nineteen hundred thirty-seven has been conspicuous in Council annals for its absence of disharmony and antagonism. Not once has the cry of "Tyranny" or "Unfair" gone out.

The seventh year of student rule at Anderson College will be, beyond a doubt, chalked as—peaceful; successful.

## DEBATE

"*Resolved*, That the Extension of Consumer Cooperatives Would Contribute to the Public Welfare." This is the question which was affirmed and negated by eight of the most adept debaters in Anderson College history.

The debaters completed their season of regularly scheduled debates with a perfect record among schools of the Indiana Debate League. This splendid record was the result of a vast amount of work and research on the part of the debaters.

The schedule of League debates was as follows:

Feb. 12—Anderson Aff. <i>vs.</i> Taylor Neg.	Won by Anderson Aff.
Feb. 12—Taylor Aff. <i>vs.</i> Anderson Neg.	Won by Anderson Neg.
Feb. 19—Anderson Aff. <i>vs.</i> Franklin Neg.	Won by Anderson Aff.
Feb. 20—Anderson Aff. <i>vs.</i> Hanover Neg.	Won by Anderson Aff.
Mar. 5—Anderson Aff. <i>vs.</i> Manchester Neg.	Won by Anderson Aff.
Mar. 5—Manchester Aff. <i>vs.</i> Anderson Neg.	Won by Anderson Neg.

In addition to these regularly scheduled debates, non-decision encounters were held with Cincinnati and DePaul Universities, and affirmative and negative decisions were won from Marion College. A loss to Goshen College and a record of 10 of 22 decisions at the Manchester Tournament were the only mars on the records of the teams.

At the conclusion of the debate season, plans were made for the squads to appear before various service clubs and civic groups in Anderson, also to speak over radio station WHBU.

## BOARD OF PUBLICATIONS

The Board of Student Publications is a group chosen in Anderson College for the purpose of guiding the journalistic activities of the school. It consists of a student reporter from each of the four classes and three faculty members. The group meets twice annually and chooses candidates for editor and business manager of the *Echoes* and the *Orange and Black*. This board also supervises the general policies of the school publications.

Ralph Helverson	- - - - -	"As I See Them"

In the office of the *Orange and Black*, the midnight lamp can be seen every other Thursday night when a small, inky mimeograph faithfully grinds out the bi-monthly issue of the school paper.

The *Orange and Black* is edited by individuals chosen by the student body. Not only are news and events recorded, but opinions and ideas of the students are expressed in interesting editorials on any subject on which they desire to vociferate.

It has been truly said that the college paper is a hub about which the spokes of the various activities revolve.

Shall we have an annual this year? This is the question every *Echoes* staff asks both itself and the student body each September. Throughout *Echoes* history not one editor and his helpers have failed to put out "The biggest and best annual yet"—and they do keep growing larger and better yearly, as the college itself expands.

*"I was glad when they said unto me, Let us go  
into the house of the Lord."*

The faculty members and students of Anderson College feel that there can be no complete living without attention to the spiritual aspects of life. For this reason, there are various groups and activities under competent leaders which seek to point the students to God. Park Place Church of God, under the

efficient direction of the pastor and his wife, Dr. and Mrs. E. A. Reardon, affords a church home for the college young people. The Sunday school, of which Professor Walter S. Haldeman is Superintendent, provides a special class for students with Dr. A. T. Rowe, a life-long friend of the college and of young people, as teacher. There is also the College Crusaders' group, which meets each Sunday night and has an excellent counselor in Mrs. A. T. Rowe. Apart from the church, the college has its own Committee on Religious Life, composed of faculty members and students.

## LADIES' QUARTETTE

It is the Ladies' Quartette, composed of four exceptionally fine representatives of Anderson College, which seeks to acquaint prospective students with the institution. Carrying a message of song and helpfulness to many, the quartette has traveled extensively throughout eastern United States during the past two summers and expects to do the same this year. Reverend G. E. Sample, of North Apollo, Pennsylvania, accompanies it.

In addition, the quartette also broadcasts over WHBU daily throughout the college year. This program has been in charge of Mr. Cecil Byrd during 1936-1937.

*President* - - - - - Glenyce Sayre  
*Vice President* - - - - - Roy Ramseyer  
*Secretary-Treasurer* - - - - - Roberta Greenawalt  
*Custodian* - - - - - Trecil Walter

## CHORUS

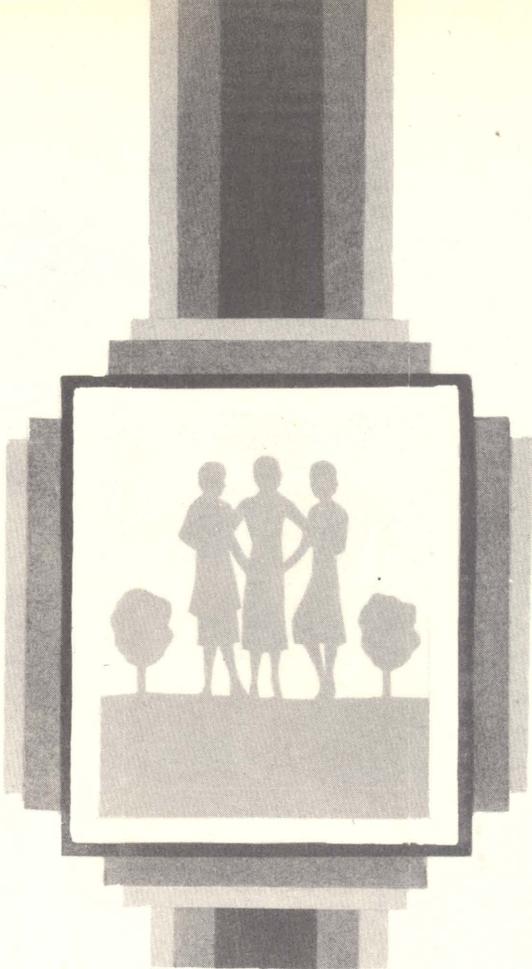

The Chorus, under the direction of Professor H. C. Clausen, consists of a number of Anderson College music students who enjoy singing. Each year the group gives several musical programs at the local church and in other places of worship.

## SOCIAL COMMITTEE

<i>Faculty Adviser</i>	- - - - -	Vila Deubach
<i>Chairmen</i>	- - - - -	Harold Phillips, Helena Smith
<i>Secretary</i>	- - - - -	Wynanda Vanderzee
<i>Treasurer</i>	- - - - -	Howard Fox
Bob Reardon, Mary Margaret Sowers, Herbert Neff, Clifford Corns		

Parties, special events, social activities—these are the responsibilities of the social committee. Composed of a group of interested and alert students, it plans the yearly social calendar of the school. Among the high spots of 1936-1937 were the Olde English Christmas Festival, the all-school skate, college sings, Reopening of the Canopy, and outdoor events. The committee remembers that all work and no play makes college students dull people.

# *Organizations*

## GERMAN CLUB

In the German Club are found those students who believe their "*Deutsch*" should be practical as well as theoretical. Although small, the group meets once each month for recreation and fellowship. The outstanding activity of the year was the German dinner held in the college dining hall. The club is interested in other school activities as well as German and plans to be more active in general college life as it grows stronger.

## FRENCH CLUB

*President* - - - - - Miriam Olt  
*Vice President* - - - - - Maxine Sexton  
*Secretary-Treasurer* - - - - - Leetus Williams

The French Club, under the direction of Professor Frederick Schminke, is one of the most active clubs of the college. It meets every two weeks; and in addition to helping students of French become more familiar with the language through informal contacts, the group sponsors various all-school social events, such as pie suppers and the annual May Day Festival.

## BOOSTERS CLUB

<i>President</i>	- - - - -	Milton Williams
<i>Vice President</i>	- - - - -	Elbridge MacKenzie
<i>Secretary</i>	- - - - -	Fred Pinyoun
<i>Treasurer</i>	- - - - -	Robert Morgan
<i>Cheer Leader</i>	- - - - -	Bert Newby

Although one of Anderson College's youngest clubs, having been organized only last autumn, the Boys' Booster group is lending vigorous support to the school. It was organized for the purpose of boosting general school activities, including athletics, and filling the same place in the lives of men students as the Girls' Pep Club fills in the lives of the women students. Loyalty to Anderson College and vigorous endeavor seem to be the watchwords of the group.

## COLLEGE MISSIONARY ORGANIZATION

<i>President</i>	- - - - -	Maida King
<i>Vice President</i>	- - - - -	Thelma Boyer
<i>Secretary</i>	- - - - -	Lucille McGraw
<i>Treasurer</i>	- - - - -	Delcie Hargett

For a long time the young women of Anderson College have felt a need and a desire for a college unit of the National Woman's Home and Foreign Missionary Society. This need was met by the organization of a College Missionary Society on March 19, 1937.

The main purpose of the organization is to promote missionary education. Through the knowledge attained, it is hoped that a broader vision and a greater burden for missions will be gained. The Prayer Pledge is, "God being my helper, I promise to pray for and support missions."

**ECHOES**

## PEP CLUB

*President* - - - - - Bernadine Bright  
*Vice President* - - - - - Glenyce Sayre  
*Secretary-Treasurer* - - - - - Juanita Flynt  
*Cheer Leaders* - - - - - Ruth Sample, Ruth Martin

The Pep Club is noted in the school for enthusiasm and vitality. Wherever there is a worthy cause needing support, or wherever anything is to be undertaken for the good of the college, the orange-jacketed Pep Girls can be found working enthusiastically in behalf of the cause. Too, they help the Boosters make the gym ring with cheers for the basketball squad of the Alma Mater.

## STUDENT VOLUNTEERS

*President* - - - - - Ray Keith  
*Vice President* - - - - - Gertie Andrew  
*Secretary-Treasurer* - - - - - Helen Mathews

The Student Volunteer Union is one of the oldest clubs in the college, but interest and membership seem to increase rather than diminish as the years go by. Founded by a little group of mission-conscious students back in the old days, the union continues to hold its missionary prayer meetings each Monday night. Those who belong are definitely interested in the welfare of workers on the mission field, and many of them intend to become missionaries themselves.

## WOMEN'S ORGANIZATION

*President* - - - - - Gertie Andrew  
*Vice President* - - - - - Mary Margaret Sowers  
*Secretary-Treasurer* - - - - - Esther Hoffman

The Women's Organization was established in the autumn of 1935 through the efforts of Miss Vila Deubach. This is its second year of existence, and it has proved of value to Anderson College. Organized for the purpose of helping every woman student adjust to her associates and attain the ideals of beautiful womanhood, the group consists of all the girls in school who care to join. Semi-monthly meetings are held in which there are stimulating discussions, helpful lectures, or group parties.

## NAWAKA HIKING CLUB

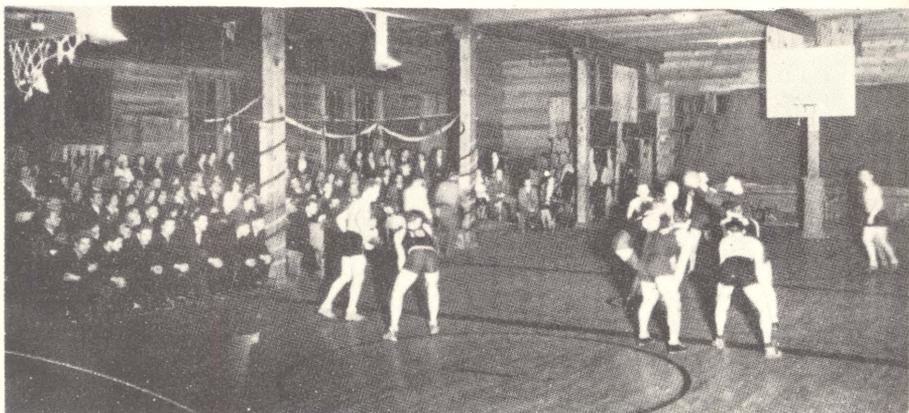

*President* - - - - - Juanita Flynt  
*Secretary-Treasurer* - - - - - Bertha Reece  
*Adviser* - - - - - Mr. Edgar May

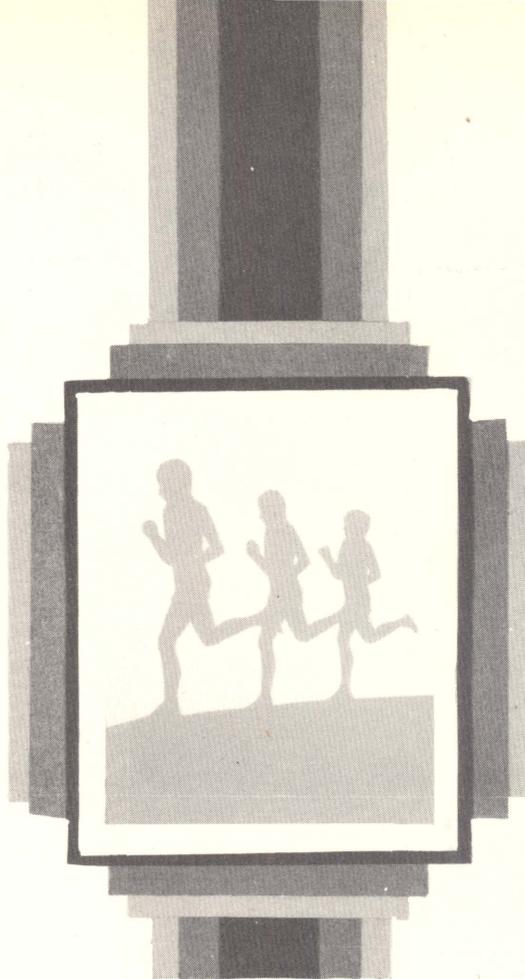

"Walk briskly a number of miles daily" seems to be the motto of the hiking club. Its members have organized themselves for the express purpose of hiking. They have a contest each year, giving a prize to the person who walks the greatest number of miles during a stated period of time.

*Let us not always say,  
"Spite of this flesh today  
I strove, made head, gained  
ground upon the whole!"  
As the bird wings and sings,  
Let us cry, "All good things  
Are ours, nor soul helps  
flesh more, now,  
than flesh helps soul!"*

—ROBERT BROWNING

# ANDERSON COLLEGE ATHLETICS

Once again it may be said, "This year's athletic program has been the best in college history." This is especially true of intramural sports at Anderson College, and it is expected that by building upon a strong program of intramurals, in which all students participate, A. C. T. S. will some day hold strong prestige in Indiana and middle-western intercollegiate athletic competition.

Nineteen thirty-six and seven has brought to completion at Anderson one of the finest physical education plants in the state. The acquiring of this gymnasium has gone a long way in bringing about success in athletic endeavor.

Mr. Edgar May, physical education director and coach, is to be credited for a well-rounded physical program. Mr. May has arranged his departments in four divisions. The required division is composed of all students taking a full course. In it, fundamentals and rules are stressed. In varsity athletics, Anderson College has for many years been a strong contender in local conference basketball. Track and tennis are other sports falling within this division. Intramurals are based on fall, winter, and spring sports, and include all competitive sports within the college. With the assistance of the college nurse, the physical education department has developed a course of corrective physical education in which opportunity is offered to many students for correcting certain body irregularities.

## BASKETBALL SQUAD

Scores were not always in favor of Anderson College this year, but the boys turned in some mighty fine performances against the stiffest competition of the region. Unfortunately the squad lost its two tallest members early in the season, and possibly with them went a few choice victories. Cecil Byrd, who has been a mainstay of the team since his matriculation here, is the only member to be lost by graduation this year, and hopes are high for a championship in 1937-1938.

Byrd was high point scorer on this year's squad, tallying 139 points.

## INTRAMURALS

With a large corps of picked assistants, Coach Edgar May has evolved this year the school's most complete program of intramurals.

Competition has been held in the following fields:

Softball

Basketball

Track

Cross-country

Tennis

Volley ball

Golf

Ping-pong

Horseshoes

Boxing

Wrestling

Speedball

In addition to competitive work in these fields, the department has sponsored non-competitive work in tumbling, apparatus, hiking, and hobby development.

Intra-college competition late last season revealed both time and form among track candidates. These marks all stand as college records.

## CROSS-COUNTRY

After many days of grueling and grinding training, about a score of aspiring hedge-hoppers lined up across Fifth Street one balmy day last fall. Crack! and they were off on Anderson College's first cross-country run. Up hill, down hill, and 'round curves, they panted for three long miles. The finish revealed Cecil Byrd an easy winner and possessor of the coveted cake.

## TENNIS

Intra-college matches last spring and fall revealed Wendell Byrd, the Junior-Senior champion, to be the college men's singles champion. Adeline Jesswein, upperclass champion, came out on top of other winners for the college women's singles title.

In the men's doubles, Ralph Gray and Fred Pinyoun shut out Louis Frost and Everett May 6-3, 6-0, for the doubles honors.

# ANDERSON UNIVERSITY

In metropolitan Anderson, a city which some twenty years ago was a striving industrial center of only forty thousand people, we find one of the largest and most influential educational centers in Indiana. Seventy-five thousand people share in the culture and beauty that is Anderson's; that culture is due to no other force more than to Anderson University.

Twenty years have seen the institution grow from a small but respected college of some three hundred students to its present enrollment of five thousand. Its campus has expanded from the size of a city block or two to encompass five hundred acres of choice east side Anderson, much of the land, and several of the magnificent buildings being gifts of alumni of the university.

A very conspicuous structure on the campus is the library, Warner Hall, which houses one of the most complete university libraries in central United States. This building and several thousand of its volumes were the gift of Senator Paul Froelich in 1949.

The administration building, a beautiful edifice of Georgia marble, made possible through liberal donations from Dr. Streeter Stuart and Dr. David Gaulke, is a tribute to Dr. Morrison, President of the institution. The building is five floors high, and its fifty beautifully furnished offices provide space for the faculty and department heads. The university and administration offices cover the entire first floor.

Other important buildings on the campus are the beautiful music and science hall erected in 1955, as well as the huge gymnasium and field house, just completed in 1957. Those who enter Anderson are assured of adequate facilities for their personal development and education. Anyone inspecting the campus and buildings today will find much to excite pleasure and little to cause dissatisfaction.

## ANDERSON UNIVERSITY HEAVILY ENDOWED

It is said that Anderson University is one of this state's richest institutions of higher learning. Since 1954, when three of the most widely known members of the class of 1937 endowed the school for four million dollars, not one student has paid any tuition. Yet, the requirements for entrance to the university are extremely rigid, not only in a scholastic sense, but high morals and good character are primary requisites of all applicants for matriculation. The university has from its beginning been under the direct supervision of the Church of God.

## ASSOCIATED STUDENTS OF ANDERSON UNIVERSITY

For a number of years Anderson University has been regulating student life by a very efficient system of government known as the "Associated Students." Within this large group are the Men's Council and the Women's Council which deal with problems of conduct concerning the student body. Penalties given by the council are impersonal and are fixed according to the offense, not according to arbitrary opinion. There are weekly meetings of this association which are of an executive rather than a judiciary nature. The Dean of Men and Dean of Women act in an advisory capacity only. Usually matters pertaining to social life cause little trouble, as there are definite evenings for activity, which all observe. Men and women students are permitted social engagements without asking special permission and without being restricted by specific time limits. Both the administration and students feel that the system is fair as well as effective.

## RAVENS FLY HIGH

Anderson, Feb. 2, 1957.—After a hard and fast tilt with Purdue last night at Lafayette, the Anderson University Ravens flashed through tonight on their home floor at Byrd Fieldhouse to upset Indiana University to a count of 47 to 12.

It is an interesting coincidence that in the final game of the first season in the fieldhouse given by his father, who was prominent in early basketball here, young Cece Byrd, Jr., led his teammates by scoring 30 of the 47 points. This gives Byrd a larger margin over Jack Frost, son of Louis Frost, of Anderson University fame, for season high score honors of the state.
